

# chanel classic flap bag medium vs jumbo

Do you got games on your phone?

In the past four years the entire gaming industry has generated around \$203 billion, 83% or \$169 billion of the value coming from mobile games.

Last year, that value jumped to 85% or \$275 billion.

Sign up for NBC Philadelphia newsletters.

Due to mobile games like Pokémon Go, Harry Potter: Wizards Unite, Fortnite and PUBG, the mobile gaming segment is expected to continue to see huge growth in the coming years, according to Statista.

It also has the biggest user count with more than 450 million people worldwide downloading mobile games - pushing the total user count to 1.93 billion.

Mobile games do not include physical games for mobile consoles and handhelds and free-to-play gaming apps.

The company is eCOGRA certified, with Redeye AB as certified advisor.

[2] The company's 95 per cent stake in the business was subsequently distributed to Unibet shareholders.
